## TRAVELER / 35L

### The Traveler 35L roll-top backpack is your perfect weekend bag.

The Crash Pad can house up to a 17" laptop, tablet, smart phone and more. The taped seams of the Crash Pad make it completely waterproof. The DWR coating on the cargo section also makes it water resistant. The Traveler's cargo section is built to house the Lander Kit and two Lander Parcels, with room to spare. The cargo section is made with a durable, canvas-like, DWR coated, recycled material called Cordura EcoMade.

## COMMUTER 25L

### The Commuter 25L backpack is your perfect everyday pack.

The Crash Pad can house up to a 17" laptop, tablet, smart phone and more. The taped seams of the Crash Pad make it completely waterproof. The DWR coating on the cargo section also makes it water resistant. The Commuter's cargo section is built to house the Lander Kit and Parcel, with room to spare. The cargo section is constructed with very durable, canvas-like, DWR coated, recycled material called Cordura EcoMade.

**2L**

**The Lander Kit will be your go-to Dopp kit. Use it two different ways; to store your tech or your toiletries.**

The Carry System's signature Crash Pad materials are also used on the exterior of the Kit, making this Dopp light-weight and protective. The waterproof TPU coated rip-stop material on the outside of the Kit keeps your tech and toiletries dry inside. The Kit features reflective zipper pulls and a reflective logo for easy location in the dark.
